3. By taxi: that's easy!

Notes

The seminars will take place in the room of the Comune di Capriasca, and we are trying to make internet connection available there.

The Sport Center offers great facilities for a number of sports: swimming (25 m swimming pool + water skelter and hydromassage), volleyball, soccer, running, hiking, mountain biking. Make sure to bring with you appropriate equipment!

For the program night activity, we might need flashlights. Bring one!
